

EXPO SPACE AT STARRETT-LEHIGH

The Expo at Starrett-Lehigh is poised to deliver polished events with the convenience of a full-service event space – and all vendors are welcome. Guests enter the state-of-the-art Chelsea facility on 11th Avenue between 26th and 27th Streets. Two sets of double doors directly access the main event space, which expands to over 5,474 SF. An intimate 4,167 SF space can be created with elegant steel and glass garage doors that allow for a 1,307 SF back of house. Additional space for a full kitchen buildout or green room is available through a connecting door to the West 27th Street Retail Pop-Up.
